

PHISHING EMAIL

Prepared by
Hiba Shahzad
Date:
25 June 2026

INTRODUCTION TO PHISHING

Phishing is a cyberattack where attackers send fake emails pretending to be trusted organizations. The goal is to steal sensitive information such as passwords, banking details, and personal data.

OBJECTIVES

The objective of this project is to identify phishing emails, analyze suspicious indicators, and educate users on how to avoid phishing attacks.

INSTAGRAM NEW LOGIN EMAIL

We Noticed a New Login,

We noticed a login from a device you don't usually use.

Apple iPhone · Instagram app · San Francisco, CA, United States

If this was you, you can safely disregard this email. If this wasn't you, [change your password](#) to protect your account.

[Learn more](#) about keeping your account secure.

INDICATORS FOUND

Indicators	Explanation
Security alert	Claims a login occurred from a new device/location
Unexpected location	Login reported from San Francisco, which may not match the user's location
Requests immediate action	Encourages password change if login was not authorized
Potential account compromise	Designed to alert users about possible unauthorized access

RISK LEVEL: MEDIUM

Why Dangerous:

If the email is fake, it could trick users into clicking malicious links and entering Instagram credentials, leading to account theft.

Prevention

- Check the sender's email address carefully.
- Log in to Instagram directly through the app or website.
- Enable two-factor authentication (2FA).
- Change your password if the login was not yours.

TRUSTEDBANK ALERT EMAIL

Dear valued customer of TrustedBank,

We have recieved notice that you have recently attempted to withdraw the following amount from your checking account while in another country: \$135.25.

If this information is not correct, someone unknown may have access to your account. As a safety measure, please visit our website via the link below to verify your personal information:

<http://www.trustedbank.com/general/custverifyinfo.asp>

Once you have done this, our fraud department will work to resolve this discrepancy. We are happy you have chosen us to do business with.

Thank you,
TrustedBank

INDICATORS FOUND

Indicators	Explanation
Fake bank warning	Claims suspicious overseas withdrawal activity
Requests personal information	Asks the user to verify account details
Suspicious URL	Link does not appear secure and may be fraudulent
Fear tactic	Creates concern about unauthorized transactions

Risk level: high

Why Dangerous:

The attacker attempts to collect banking credentials and personal information through a fake verification page.

Prevention

- Never verify banking information through email links.
- Contact the bank using official channels.
- Check account activity directly through the bank's website or app.
- Report suspicious emails to the bank.

DUBAI POLICE VIOLATION EMAIL

Dear Valued Customer,

We are writing to notify you that there is an outstanding violation associated with your account that requires immediate attention to avoid suspension.

To resolve this matter and prevent any disruption, please follow the link provided below to make the necessary payment online:

CONFIRM HERE

Total Amount Due : **400.00 (AED)**

you for your prompt attention to this important issue.

Warm regards,

INDICATORS FOUND

Indicators	Explanation
Urgent payment request	Claims an outstanding violation requires immediate payment
Generic greeting	Uses "Dear Valued Customer"
Suspicious action button	"CONFIRM HERE" encourages clicking a link
Pressure tactics	Threatens suspension if action is not taken

RISK LEVEL: HIGH

Prevention

- Verify fines through official Dubai Police channels.
- Do not click links in unsolicited emails.
- Check the sender's address carefully.
- Contact the organization directly if unsure.

Why Dangerous

Cybercriminals often impersonate government agencies to pressure victims into making payments or revealing personal information.

AMAZON ORDER INVOICE EMAIL (SAFE EMAIL)

Your Amazon.com Order

Inbox x

Amazon.com Customer Service <cs-reply@amazon.com>

2:12 AM (10 hours ago) ☆

to me ▾

[Your Account](#) | [Amazon.com](#)

Message From Customer Service

Hello,

You can view and print an invoice for your orders through Your Orders page (<http://www.amazon.com/your-orders>) and clicking on the "View order details" link. Here's a link to the invoice you asked about:

<https://www.amazon.com/gp/css/summary/print.html/?&orderID=>

We don't provide value-added tax invoices; however, you may use this invoice for accounting purposes.

INDICATORS FOUND

Indicators	Explanation
Official sender	Sent from cs-reply@amazon.com
No urgent threats	Does not threaten account suspension or penalties
Order-related content	Refers to an invoice requested by the customer
Official Amazon links	Links point to Amazon's domain
Professional formatting	Consistent branding and professional language

Risk Level: Low

Why Safe

This email appears to be a legitimate order invoice notification from Amazon. It contains standard customer service information, uses official Amazon branding, and does not request sensitive information or immediate action.

Prevention

- Still verify that links point to the official Amazon website.
- Access orders through your Amazon account directly if unsure.
- Never enter passwords after following email links unless you have verified the website.

Classification Table

EMAIL EXAMPLE	CLASSIFICATION	REASON
INSTAGRAM NEW LOGIN ALERT	suspicious	Unexpected login notification; sender should be verified
TRUSTEDBANK ALERT	phishing	Fake bank verification request and suspicious link
Dubai Police Violation Notice	phishing	Impersonates a government authority and requests payment
AMAZON ORDER INVOICE	safe	Official sender, legitimate order information, no credential request

Summary:

- **Instagram Login Alert → Suspicious**
- **TrustedBank Alert → Phishing**
- **Dubai Police Violation Notice → Phishing**

THANK YOU SO MUCH
